North America Inc.**

# Argent Industrial Limited

## Manufacturing France

**Fluid Transfer Europe – developing next generation Electric mobility for airport and Hybrid or full electric aircraft refueling solution**

Fluid Transfer Europe, based in Port Cogolin near Saint Tropez in France, is developing next generation Hybrid aviation refuelling solutions and electric mobility for airport while distributing Electra electric chassis for the Ground Support Equipment market.

**Hybridation and Electrification are the heart of airport sustainability and efficiency in equipment usage.**

The benefits of these systems are massively **reducing carbon footprint and operation cost of ownership**. Additional benefits are, lower maintenance, longer life of equipment, a healthier working environment for the operators who are not subject to exhaust gas emissions and heat releases from the combustion engine.

The drastic reduction in system noise compared to diesel engines **greatly increases safety** in the context of coactivity of an aircraft stopover

**FTE Solutions will be marketed internationally**

# Argent Industrial Limited

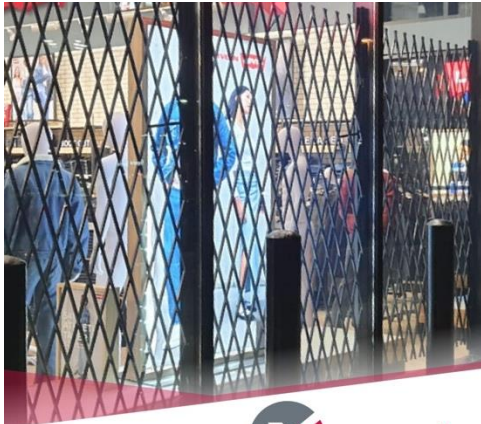

## Manufacturing Canada

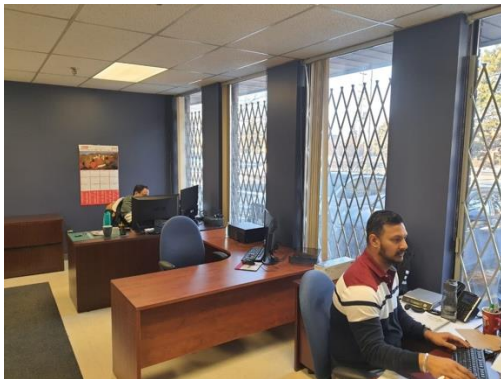

**Xpanda Security Limited – Based in Mississauga, Toronto, Canada, is the vehicle for Xpanda South Africa to penetrate the North American market with its products.**

Xpanda Canada has been a dedicated Agent and distributor of physical security products and compartments supplied from Xpanda South Africa. This business was acquired by Argent in November 2024 and now is a wholly owned subsidiary of Argent Industrial Limited.
